

Very clean and chunky front end. No lamps hiding grille.

Hood design definitely more function than form. Good rear vis.

Carburettor version of Rover Cooper 1275 A+.

PRODUCTION NUMBERS

According to Rover, 75 Lamm Cabriolets were produced between 1991 and 1993

USED VALUES

Most Lamm Cabriolets are in good condition and, on the whole, they tend to be low mileage. Expect to pay:

Good condition	£6,500
Outstanding, very low mileage	£8,995-plus

(Values courtesy of GC Motors, Swanley, telephone (01322) 665141)

Hood frame is fully exposed inside. Quite sophisticated design.
