## *The Mini Cabriolet.*

*Because it's time to smile, relax,  
and be yourself.*

**T**here's no other car like the Mini. There's no open top car like the Mini Cabriolet — giving you fun in the sun (or the rain), and turning heads wherever you go. Hood up or down, it's definitely a car to be seen in.

The Mini Cabriolet is a car to cherish, with its exclusive, sporting style and beautifully finished coachwork. Every detail is a pleasure to look at, from the distinctive 5-spoke alloy wheels to the unique body kit. The tastefully co-ordinated red or grey hoods complement the choice of body colours — rich pearlescent Nightfire Red, or traditional

*The Mini Cabriolet is a  
car to cherish. But above all,  
it's a car to enjoy.*

---

British Racing Green metallic. Front auxiliary lamps give powerful illumination in poor weather, while the chrome grille and door handles, and twin coachline, add the finishing touches.

To help keep your Mini Cabriolet in the right hands, it's fitted with a remote-controlled alarm system which senses movement inside the car as well as protecting against break-in through the doors, bonnet or boot. The alloy wheels have locking wheel nuts, and the Vehicle Identification Number is etched into the windscreen. There's also a locking fuel filler cap, and the in-car entertainment system is security-coded.

While there's no shortage of modern sophistications, the best things about the Mini are all there to be enjoyed as well. Including handling which helps you dodge the queues in rush hour traffic, and nip into the smallest parking spaces. And the sheer entertainment of a car that's just as good to drive as its looks suggest.
